Note to parents,

HADA tuition prices have gone up 5% this season due to the increases in cost of living. The staff and instructors have seen at least a 10% increase in childcare costs, as well as minimum wage increases that directly affect wages at HADA. A 10% increase in tuition didn't feel acceptable to implement to our community, and we hope that the 5% will assist in covering our new costs, but not discourage families from dancing.

Sincerely,  
Crystal Ashe, Owner  
and HADA Staff
